

**Minutes of the 19th meeting of
IFTToMM Technical Committee for Multibody Dynamics**

Monday, March 10, 2025, 15:00 CET, Online

Attendees (16):

Francisco González, Pascal Ziegler, Xinxin Yu, Pavel Polach, John McPhee, Zelei Ambrus Miklós, Maíra Martins, Giovanni Muscolo, Aki Mikkola, Michael Valasek, Jozsef Kovecses, Jose L. Escalona, Pushparaj Pathak, Assylbek Jomartov, Rosario Sinatra, Janusz Fraczek.

Invited (0):

Regrets (1): Tarcisio Hess-Coelho.

1. Opening by the Chair

- The 19th meeting of the IFTToMM TC for Multibody Dynamics was opened online through Teams, on March 10, 2025.
- González leads the meeting, Xinxin Yu is the secretary.

2. Approval of minutes from last meeting

- The minutes of the the meeting held in Madison (WI), USA, on June 10, 2024, sent to TC together with the invitation to the meeting, were approved.

3. Membership

- Two members, Prof. Vladimir Algin and Prof. Wolfgang Seemann, passed away in recent years.
- Two members, Prof. Wan-Suk Yoo (South Korea) and Prof. Shuxin Wang (China) will leave TC.
- Three new candidates, Prof. Maxime Raison (Canada), Prof. Jin H. Choi (South Korea) and Prof. Dan Negrut (USA) are agreed by TC members for the acceptance of their application. CVs were sent to the TC before the meeting and they have received the support of their Mos. Welcome letters were sent by F. González after the meeting.
- Changes in the TC roster will be reflected on IFTToMM's website.
- A proposal for the protocol to enter / leave the TC will be put forward and results will be posted in In-person meeting in ECCOMAS Multibody 2025 in Innsbruck.

4. Proposal: LinkedIn profile for the TC

- LinkedIn is used to serve as a quick means to distribute multibody-related information and updates about the TC activities. It is expected that it will give more visibility to IFTToMM's website and increase its traffic.
- Making a LinkedIn profile is highly supported by TC members during the meeting.
- A more concrete LinkedIn profile will be presented in the following in-person TC meeting in ECCOMAS Multibody 2025 in Innsbruck.

5. Next TC meeting

- Next In-person meeting will be placed at Innsbruck, Austria, during the 12th ECCOMAS Thematic Conference on Multibody Dynamics - July 13-18, 2025. The meeting will be held during lunch time. Exact date and time will be sent to TC members soon.
- It is recommended by the TC members that in person meeting should be hybrid, allowing people to connect online.

Respectfully submitted,

Xinxin Yu

Secretary of IFToMM TC-Multibody Dynamics
